'Conversations about faith for adults'

OMG is a new initiative at Holy Trinity Westbury-on-Trym launching in January 2022.

Not talks or lectures, but a series of six small-group conversations for people at the beginning of their faith journey as adults. It will deal with the questions, issues, ideas that you want to talk about.

- If you're a parent who wants to follow-up on the promises you made when your child was baptised
- If you want to be better equipped to accompany your children through their faith journey at school and at Church
- If you want to turn your own childhood encounter with Christianity into something that will sustain your adult life
- If you feel it's time for you to begin to explore adult Christian faith at any stage of life but don't know where to start

then **OMG** may be the thing for you.

Times, dates and location will be sorted out to fit participants' diaries
