WESTBURY ON TRYM - BRISTOL

# Our Church's Environmental Plan

The Holy Trinity Environmental Policy was approved by the PCC in 2022, in line with the measures set out in the Diocesan Policy. A 3-year Action Plan was drawn up which is reviewed annually and which covers the following areas:

- Reducing our non-renewable energy consumption and water use
- 
- Monitoring paper use and reducing waste
- 
- Managing our necessary waste sustainably, and promoting recycling
- 
- Encouraging alternatives to car use, especially for church purposes
- 
- Raising awareness of the issues among our church members
- 
- Protecting and promoting enjoyment of nature in our churchyard
- 
- Sustainable purchasing
- 
- Ensuring our investments are environmentally sound
- 
- Networking with the Diocese and other like-minded organisations
